Spring 2024

Friendly objects for designy people

Our Philosophy

We believe the best design evokes good feelings, and think everyday objects should be as fun as they are functional.

Yours for Keeps

We make everyday objects for home, work and play that are for keeps. Our products are artful, fun, and have a story just as unique as the designers who created them.

How We Work

We collaborate with independent designers to create pieces that bring a touch of delight and charm into your home. Some of our designers are well-known and established in the industry, while others are up-and-coming, bringing diversity and a fresh perspective to the world of design.
