Our Mission

At Original Duckhead, we believe an umbrella does more than protect you from the rain.

It helps define how you feel when you step out the door.

Original Duckhead is an umbrella brand based in London, UK. We are a woman-owned and led company dedicated to creating considered weather-wear for people who curate every detail of their lives.

Since 2012, we have transformed a functional necessity into a coveted piece. Our design ethos begins with the handle, each one iconic and created with purpose.

Every umbrella is handmade, crafted to last beyond the season, and designed to be kept, loved, and collected.

PFAS Free Fabric

Our fabric is entirely PFAS free. Not many umbrella brands have taken this step yet and we're proud to lead the way.

Sustainably Sourced Wood

Our handles are made from responsibly sourced wood and every umbrella is designed to be lightweight and long lasting.

Biodegradable Packaging

Every product is packed in certified biodegradable poly bags that break down safely without releasing toxins.

Recycled Plastic Bottles

We turn post-consumer plastic bottles into our fabric - up to 9 per umbrella and 6 per bag. Our SCS certified rPET uses less energy, produces fewer CO2 emissions and diverts plastic from landfill.
