ALKEMISTA

Alkemista is an all-in-one infusion vessel that enables anyone to create and serve fresh, custom crafted spirits at home or in a bar. Alkemista's ultra-fine stainless steel filter gently introduces the flavors and aromas of fruits, spices, herbs and botanicals into spirits — while preventing unwanted particles from entering the infusion. And the filter is easily removable — transforming the Alkemista into an elegant serving vessel.

FEATURES:

- 950ml lab-grade borosilicate glass
- Ultra-fine stainless steel filter
- Tritan® and stainless steel base
- Instruction + recipe booklet
- Removable label pack

VAGNBYS COLLECTION

WINE POURERS + AERATORS

WINE TABLE TOWER

The Wine Tower beautifully showcases your favorite wine at your next party or event—even if the wine came from a box. Guests can help themselves to a glass without spilling a drop. And, the integrated “rain filter” aerates wine as it is filled from the top. Made of borosilicate glass, stainless steel, silicone and a slate base. Capacity 1L.

WINE DECANTIERE 7-IN-1

The Wine Decantiere’s award-winning design slips snugly over the neck of the bottle while concealing any wayward foil or unseemly bottle threads. The built-in filter removes wine stone and cork residue and the airtight stopper preserves any remaining wine for later enjoyment.
