CHÂTEAU SPILL®

RED WINE STAIN REMOVER

Chateau Spill® is a brilliant new stain remover that has been especially formulated to make sure that a red wine spill no longer leaves a nasty hangover or mess (sadly we can make no guarantees about what wine you drink.....).

Like a good Bordeaux it really hits the spot - be it on clothing, linens, sofas or carpets and lets you concentrate on having a good time. We can all raise a glass to that!

Step 4

AND
**CARRY
ON**

STEP 1 - SPILLS HAPPEN

When the inevitable stain happens a fast response really helps (though we also work great on older stains). Make sure you keep Chateau Spill handy to wherever wine is being enjoyed.

STEP 2 - BLOT THE STAINED AREA

Using a paper towel or sponge, remove the excess wine and slightly dampen the stained area to allow for best performance.

STEP 3 - APPLY CHATEAU SPILL

After checking that the fabric or surface is suitable for Chateau Spill (If fabric is coloured perform a colourfast test - spray an inconspicuous area and blot after 3 min) you can apply Chateau Spill to the area. It will start working straight away.

STEP 4 - CARRY ON HAVING FUN

If necessary you can repeat steps while enjoying another glass. For clothing and linens launder as appropriate. For carpets and upholstery be careful to remove all residue.
